

## FAQ

### How does the WOTC process work?

Once the applicant completes the apply process in Workable, and is deemed hired by the employer, their information will be automatically sent to WOTC.com and entered into your company's WOTC.com portal. WOTC.com will then send out an email to the candidate to complete the necessary form.

### Is there anything I need to do?

Aside from hiring your perfect candidate, WOTC.com takes care of the rest! You can monitor your employees process on your WOTC.com at any time.

### What happens if I have questions?

If you have any further questions, please call WOTC.com Support at (212)-635-9500 or email us at [support@wotc.com](mailto:support@wotc.com)
